Feminine Herbal Balance

- Standardized Chasteberry (Angus Castus, Vitex), standardized Black Cohosh and standardized Kudzu.
- Relief of cramps
- PMS, Menopausal and Post Menopausal considerations
- Reduction of headaches, anger and bloating
- Possible reductions of hot flashes and menstrual pain
- And a variety of female complaints such as amenorrhea, endometriosis and hyperprolactinemia

Vinco's Feminine Herbal Balance

The ingredients in Feminine Herbal Balance have been shown to assist in mood stabilization. Pre-and post-menopausal women often report that they don't feel "mentally right", developing emotional and physiological depression.

- Chasteberry shows a reported 93% decrease on PMS related complaints (depression, anxiety, cravings and hyperhydration).
- Kudzu is commonly used to manage addictions (like alcoholism).
- All three contain constituents shown to reduce the activity of enzymes responsible for the production of Cortisol.

Ingredients rich with hormonal metabolizing, as well as balancing factors, can assist the body with the proper utilization of estrogen and progesterone.

- Kudzu is 40% isoflavones,
- Black Cohosh contains Triterpene glycosides aromatic acids and isoflavones,
- Chasteberry contains Iridiod glycosides and flavinoids,
- Active Daidzen and Genistein.

Directions For Use:

As a dietary supplement for adult women and children twelve or more years of age, take one or two capsules per day, or as directed by a qualified healthcare professional.
