Brain / Memory

with Huperzine A

- **Beneficial In Promoting A Healthy Management Of Cognition and Memory Recall†**
- **Ability To Enhance Brain Function In Regards To Focus, Memory, Learning, and Processing†**

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Have you ever remarked over entering a room and forgetting why you wanted to go there in the first place? Or lost keys, phones, and glasses, only to find them in your pocket where you put them moments ago? As we age, we may be aware of and focused on fighting against physical decline, but it is also important to protect yourself against the effects of mental deterioration. The ingredients in Vinco's **Brain/Memory** have been shown to be beneficial in promoting a healthy management of cognition and memory recall.†

Acetyl-L Carnitine HCl

- An amino acid naturally produced by the body, and can also be found in red meats
- Can pass through the blood-brain barrier, allowing it to reach the mitochondria in your brain, as well as other parts of the body†
- Shown to improve cognitive function and focus, increase mental and physical energy, reduce inflammation, and boost circulation†
- Can also help to burn fat and build muscle†
- Often used by older adults, but can also be beneficial for young people†

Phosphatide Complex (24% Phosphatidylcholine, 20% Phosphatidylethanolamine 14% Phosphatidylinositol)

- Also known as phospholipids, phosphatides are a class of lipids that make up the backbone of the cell membrane
- Supports mitochondrial function†
- As the brain is made of 60% lipids, phosphatides are directly tied to brain and neurological health†
- Can enhance and increase the neurotransmitter acetylcholine in the brain, which has the ability to protect against diseases such as dementia and Alzheimer's†
- May help to strengthen the gut lining and support healthy liver function†

Bacopa monnieri Extract (20% Bacosides A&B)

- A plant found in wet, tropical environments
- Filled with antioxidants, which can help to fight off disease†
- Ability to enhance brain function, particularly in regards to memory, learning, and processing†
- Potential to reduce ADHD symptoms, including restlessness and self-control difficulties†
- May decrease stress and anxiety, as well as lower blood pressure†

Vinpocetine

- A synthetic compound derived from vincamine, an alkaloid found in the periwinkle plant
- Ability to increase blood flow to the brain, protect neurons against injury, and improve memory, all of which could prove beneficial against diseases such as dementia†

Huperzia serrata Extract (1% Huperzine A)

- A naturally occurring alkaloid extracted from Chinese club moss
- Has been found to act as a cholinesterase inhibitor, which prevents the breakdown of acetylcholine, a chemical necessary for learning and memory†
- Many potential positive effects, including enhanced learning and memory, increased energy and alertness, and protection/treatment against age-related cognitive decline and diseases such as Alzheimer's†
