

PRODUCT FORMULARY

Gluco-A1c

- Promotes Healthy Blood-Sugar Management[†]
- Helps Reduce Fasting Glucose Levels[†]
- Assists In Lowering and Maintaining HbA1c Levels[†]

[†] These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Gluco-A1c is an all-natural blood-sugar regulation supplement like no other. It has been shown to reduce fasting glucose levels as well as lowers and maintains HbA1c levels in a matter of months. The ingredients in Vinco's Gluco-A1c have been clinically proven to modulate carbohydrate metabolism, and slow absorption of glucose from the intestine which in turn improves glucose tolerance without elevating insulin levels.

Chromium (as Chromacin® GTF)

- Glucose tolerance factor chromium, or chromium GTF, is an essential trace mineral
- By binding insulin to cell membrane receptor sites, it enables insulin to work in a quicker and more efficient way†
- Has the potential to lower glucose levels†

Vanadium (Sodium Metavanadate)

- A trace mineral found in many foods
- Has the potential to lower blood sugar levels†
- Acts in an insulin-mimetic fashion both in-vitro and in-vivo†

Bitter Melon (Momordica charantia) (10% Charantin)

- A bitter vegetable from the gourd family
- Decreases hemoglobin-A1c and fructosamine, markers of long-term blood sugar control†
- May promote the secretion of insulin†

- Vinco's Gluco-A1c uses pesticide free bitter melon concentrate, with all natural ingredients manufactured to high quality standards using good manufacturing practices (GMP)
- The high-dose concentrate used (10% charantin) sets Vinco's Gluco-A1c apart from the average low-dose used in most blood-sugar lowering supplements on the market†

BioPerine® (Black Pepper Fruit Extract)

- Piperine extract from black pepper in a form that is absorbed and tolerated well by the body†
- Has been clinically shown to increase nutrient absorption
- May help to stabilize blood sugar levels†
- Has the potential to alleviate inflammation†

HbA1c - What is your level?

- This test measures average blood sugar levels over a period of several months. The higher the hemoglobin A1c, the more likely you are to develop complications from your diabetes such as eye disease, kidney disease, nerve damage, heart disease, and stroke†

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

SUGGESTED USE: As a dietary supplement for adults and children twelve or more years of age. Take one capsule 15-20 minutes before large meals, twice daily, or as directed by a qualified healthcare professional. Up to three capsules may be taken daily (one before each meal) under the supervision of a qualified healthcare professional.

Precautions: Do not take if you are pregnant or nursing. Consult a healthcare professional before taking **Gluco-A1c** if you are taking diabetes medication.

The ingredients found in **Vinco's Gluco-A1c** have been shown to be beneficial in promoting healthy blood sugar management, thus improving glucose transport to improve regulation of sugar metabolism for reduced insulin resistance.†

Promotes Healthy Blood-Sugar Management†

Gluco-A1c

60 Capsules
Gluten Free | Dietary Supplement

PROFESSIONAL FORMULATION

SUPPLEMENT FACTS

Serving Size: 1 Capsule
Servings Per Container: 60

	Amount Per Serving	%DV
Chromium (as Polynicotinate GTF)	250 mcg	714%
Vanadium (as Sodium Metavanadate)	500 mcg	*
Bitter Melon Extract (10% Charantin)	750 mg	*
BioPerine® (Black Pepper Fruit Extract)	10 mg	*

* Daily Value (DV) not established

Other Ingredients: Gelatin (capsule), Vegetable Stearate, Silica

No Wheat, No Gluten, No Corn, No Dairy, No Soy, Yeast Free

KEEP OUT OF REACH OF CHILDREN
Tamper resistant. Do not purchase if seal is broken.
Store in a cool, dry place.
