

PRODUCT FORMULARY

ProstaShield®

- Supports Prostate Health and Function†
- Promotes Urinary Health†
- Supports Healthy PSA Levels†

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Prostate health is an issue of increasing concern for men. Prostate cancer is what many think of when they think prostate health, but even benign prostate enlargement can have many negative effects. Symptoms of benign prostate hyperplasia or BPH include difficulty urinating, which can lead to a backup of urine in the bladder causing problems ranging from minor discomfort to kidney failure. Many nutritional and herbal agents are known to have a positive impact on prostate health. Those that are best supported by scientific study have been combined in Vinco's ProstaShield®, which has been designed to enhance prostate health.†

Calcium

- A mineral found primarily in the body's bones, as well as in its blood, muscles, and other tissues
- The rest of the calcium the body needs beyond what is stored already comes from foods like dairy and leafy greens
- Plays a role in many body processes, from bone health to muscle contraction†

Zinc

- An essential mineral, one that your body does not make on its own
- Necessary for the activity of over 300 enzymes in the body
- May relieve oxidative stress, which in turn reduces inflammation that can cause chronic illnesses, including cancer†

Green Tea Extract (*Camellia sinensis*) (98% Polyphenols)

- A common beverage with wide-ranging health benefits†
- Full of powerful antioxidants, which protect against oxidative damage that can lead to many cancers, including prostate cancer†

Stinging Nettle (*Urtica dioica*) Root Extract (4:1)

- A perennial plant
- May be able to prevent the conversion of testosterone into dihydrotestosterone, helping to reduce prostate size†

Saw Palmetto Berries (*Serenoa repens*) (45% Fatty Acids)

- A palm-like plant
- May improve urinary issues associated with benign prostate hyperplasia (BPH)†
- Can support prostate health to combat issues such as BPH and prostate cancer†

Pumpkin Seed Powder

- Shell-free seeds, also known as pepita
- Full of valuable nutrients, such as antioxidants, iron, magnesium, and zinc
- May help to prevent, slow, and even treat certain cancers, including breast cancer and prostate cancer†
- May reduce symptoms of BPH†

Pygeum africanum Extract (12%-13% Phytosterols)

- Bark taken from the African cherry tree
- Relieves symptoms of BPH related to urinary issues†
- May help to treat prostate cancer†

Grape Seed Extract (95% Proanthocyanidins)

- An extract made from the bitter seeds of wine grapes
- High levels of antioxidants may reduce the risk of certain cancers†

Lycopene (10% Extract)

- A plant nutrient, also known as a carotenoid, that gives red and pink fruits their color
- High in antioxidants, which protect the body from free radicals that can cause oxidative stress†
- May slow tumor growth†
