- High in both EPA and DHA
- Purified Using Fraction Distillation Technology
- Sourced From Short-lived, Open Water (Pelagic) Fish
- Supports Cardiovascular, Brain, Eye, Joint and Immune Health†

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Increasing your intake of Omega-3 fatty acids has been proven to be beneficial for your overall health. From your immune system to cardiovascular health, omega-3's affect it all. The modern diet however, is high in omega-6's rather than omega-3's.

Vinco's OMEGA-3 ULTRA, is a highly concentrated and pure source of Triglyceride Form Omega-3, necessary for human nutrition. Our OMEGA-3 Fish Oil is from short-lived, pelagic (open waters; not near the coast or bottom feeding) fish. It is purified using proprietary fraction distillation without damaging delicate EPA and DHA Omega-3 Fatty Acids.

### Omega-3 (Fish Oil)

- Fatty acids found in fish, shellfish, plant and nut oils, flaxseed, and more
- Long chain omega-3 fatty acids Eicosapentaenoic Acid (EPA) and Docosahexaenoic Acid (DHA) are the most beneficial for your health, and they come from fish and shellfish
- Short chain omega-3 fatty acids Alpha-linolenic Acid (ALA) are found in plants
- Shown to reduce inflammation and fight autoimmune diseases†
- Known to improve mental disorders such as anxiety and depression†
- Numerous benefits for children when taken during pregnancy, including higher intelligence, better social skills, fewer behavioral problems, decreased risk of developmental delay, and more†

- Improves eye health and decreases the risk of macular degeneration†
- Studies have shown its beneficial effects on heart disease risk factors, such as reducing high blood pressure and preventing blood clots†
- Reduces ADHD symptoms and asthma in children†
- Has the potential to prevent age-related mental decline and decrease the risk of some cancers†
- Good for the skin, and can even protect against damage from the sun†

### Algae Oil (*Haematococcus pluvialis*) (5% Natural Astaxanthin)

- Natural astaxanthin is a lipid soluble compound derived from algae oil
- Studies have shown it to be more than 500 times as powerful of an antioxidant as tocopherol Vitamin E
- Has the potential to provide immune system support, reduce inflammation, protect the skin from UV damage, and support cognitive and heart health.
- Works to stabilize the fish oil in Vinco's Ultra Omega-3
